

# Rivet Busters

Fitted with "D" type handles, the TEX 626, TEX 830 and 1133 rivet busters are tough, powerful tools designed for heavy demolition work. Their long stroke and high impact energy, coupled with the ergonomics of the rivet buster valve, make them ideal for extended demolition use.

TEX 830RD

## Technical Specifications

Model	Weight (lb)	Air consumption (CFM)	Length (in.)	Impact frequency (blows/min.)	Part No.
TEX 626R	26	42	20.5	1200	9245 9989 81
TEX 830RD	30	44	22.5	1140	9238 9817 71
TEX 830RP	30	44	22.5	1140	9246 0206 59
TEX 1133RD	33	50	25.5	850	9238 9817 85
TEX 1133RP	33	50	25.5	850	9246 0206 60

## Optional equipment

Description	Part No.
Whip Hose 1/2" x 10 ft. with swivel	9246 0203 64

## Optional working tools: TEX 626, TEX 830 and TEX 1133

Description	11X Jumbo Shank	
	Part No.	Length
Moil Point	3083 4140 00	10"
	3083 4140 10	12"
	3083 4140 20	18"
Narrow Chisel - concrete work	3083 4141 00	10"
	3083 4141 10	12"
	3083 4141 20	18"
Narrow Chisel - metal work	3083 4142 00	10"
	3083 4142 10	12"
	3083 4146 20	18"

Note: Length is overall length
